Recently, we reached out to our alumni and asked the following questions. Their responses are amazing!

WHAT DO GRADUATES REMEMBER MOST ABOUT THEIR TIME AT ST. PETER THE APOSTLE CATHOLIC SCHOOL?

The community. I am still friends with my classmates to this day.

The bond between fellow classmates and the staff as well. This was a combination of the great people that attended and worked there as well as the smaller class sizes.

Sister Francis, my friends (who I am still friends with), my teachers

The friends I made, the teachers and many memorable experiences.

I remember the great math courses and the great bonding amongst each other and with the teachers.

I'd be lying if I said my time at St. Peter's wasn't memorable. I was blessed with some phenomenal teachers who pushed me to do my best. Not only did they teach me the core subjects, but they also taught me how to learn. I picked up some great study skills in my four years attending, partially due to being part of the Academic Decathlon team, or as my friends and I called it, "Nerd Club." Learning became very fun for me, thanks to my coaches and teammates.

Growing my faith, amazing teachers and wonderful friendships

What I remember the most about my time at the school are the teachers and being involved in all of the activities. Another memorable moment is my mom teaching Academic Decathlon.

How amazing all the teachers were.

Dressing up as a saint for Halloween

How close you became with everybody in your class- I still keep in touch with many of my classmates today.

My classmates

Getting an education while being in an environment that reinforced my faith in Christ

Close relationships with my peers and teachers

The 9 years that I spent at St. Peter's gave me a wonderful education, interactions with many inspiring teachers, a genuine love of learning, lifelong friends, and countless positive and cherished memories. Perhaps what stands out the most to me when I look back on that time is all the opportunities I had to participate in a wide range of activities that really shaped the culture of the school. My experiences in student council, class plays, spirit days, volleyball, the science fair, Christmas programs, talent shows, international events, and field trips made school an incredibly exciting and fun place to be.

How tight-knit our entire class was. When you see the same group of kids all day, every day, you figure out ways to make it work. Our class was like a big family. - That our teachers were always finding ways to give us more to learn if we wanted it. No one ever tried to slow us down. - Working at the soup kitchen and visiting the nursing home. -(Mrs. Kirby, Mrs. Hughes, Mr. Hulit ;)
